Dear Mr Blee,

RE: Product Approval for the Ozzi Kleen RP20A, SK20A, and SK20A-G Aerobic Wastewater Treatment Systems

We refer to your application seeking product approval for the Ozzi Kleen RP20A, SK20A, and SK20A-G on-site wastewater treatment units.

Approval of the product is granted on the basis that the product has been certified by SAI GLOBAL to conform with:

- AS/NZS 1546.3:2017 - On-site domestic wastewater treatment units – Secondary treatment systems, as demonstrated by SAI GLOBAL, certificate number SMK02608 and,
- AS/NZS 1546.1:2008 - On-site domestic wastewater treatment units – Septic tanks, as demonstrated by SAI GLOBAL, certificate number SMKB20032.

Pursuant to the South Australian Public Health (Wastewater) Regulations 2013, product approval is granted subject to the following conditions:

1. The approved secondary treatment system incorporates:
 - 1.1. A manual bar screen.
 - 1.2. A 5,000L balancing tank.
 - 1.3. Two Ozzi Kleen RP10 wastewater secondary treatment units.
 - 1.4. Optional Ozzi Kleen GT500R (500L) grease arrestor for the SK20A-G model.
 - 1.5. Maximum treatment capacity 4,000 L/day hydraulic load and 1,866 BOD₅/day organic load.
2. The products shall be manufactured and constructed in accordance with:
 - 2.1. The plans, drawings and specifications, as referenced in this approval.
 - 2.2. AS/NZS 1546.3:2017 – On-site domestic wastewater treatment units – Secondary treatment systems.
 - 2.3. AS/NZS 1546.1:2008 – On-site domestic wastewater treatment units – Septic tanks.

WWP-20210/1

Product approval for the Ozzi Kleen, RP/SK20A, Aerobic Wastewater Treatment System

- 2.4. All other relevant standards and codes.
- 2.5. Conditions of this approval.
3. The seller of the approved product shall provide the purchaser with an electronic or hard copy of:
 - 3.1. The Operators Manual – Ozzi Kleen Sewage Treatment Plan – Skid Mounted Models: SK20A & SK20A-G – Below Ground Model: RP20A (4,000 L/day).
 - 3.2. Any other instructions relating to the installation, operation or maintenance of the product.
4. Modification of the design, materials or manufacturing process of the approved products or any of their associated components requires a variation to this approval by the Department for Health and Wellbeing.
5. The product approval will expire on **14 August 2031**, at which time the products will no longer be approved and will be removed from the SA Health approved product database.
6. This product approval does not constitute approval for the installation of the product.

Approved by:

Date: 19 June 2026

Callum Brady

Manager, Wastewater Management

Delegate of the Minister for Health and Wellbeing

Notes:

Pursuant to the SA Public Health (Wastewater) Regulations 2013

1. *The Department for Health and Wellbeing (DHW) may, by written notice, revoke the approval if satisfied that:*
 - 1.1. *The approval was obtained improperly.*
 - 1.2. *A condition of the approval has been contravened.*
2. *The DHW may conduct an inspection of an approved product to establish compliance with the submitted plans and the conditions of this approval.*
3. *The DHW may vary or revoke any or all of the approval conditions, or impose a further condition where:*
 - 3.1. *Variation, revocation or imposition is necessary in order to prevent or mitigate significant harm to public or environmental health or the risk of such harm.*
 - 3.2. *Reference to a new version of a manual is required.*
